

TO WHOM IT MAY COMCERN

Dear Hearing Manager:

I am writing to express my strong interest in being the next full stack developer

At [Roshan Telecom]. With my skills and background, I am confident that I will quickly surpass your expectations for this role.

In my role as a full stack Developer at [Roshan Telecom], I have been tasked with developing training materials including computer based Training, Developing web applications

Such as front-end user interface, database management, liaising with customers and internal team and assisting with help desk tickets, I have the required skills outlined in your job requirements.

I have advanced proficiencies in HTML, CSS, JavaScript, vue.js, Laravel, and PHP excellent customer service skills and I am familiar with SQL. I also have solid foundation in MongoDB, MYSQL, SQL and SERVER in addition to five year's work experience,

I hold a bachelor degree in computer Science.

My Excellent work ethic has provided me with many opportunities to accomplish goals that have earned me recognition at work. Some of these accomplishments include:

- Developing web design solutions and applications for clients winning past and current employee's six-figure contracts.
- Resolving more than 250 critical bugs to improve performance and user experience.

I am confident that my hands-on experience; qualifications and proficiencies make an excellent candidate for the full stack developer positon at [MTN Telecom].

Thank you for your time and consideration please let me know if there is anything further, you need me.

Best regards,

“Maiwand Zazai”
