Internships

Application Developer , FlashBits IT-Services Company, Kabul

FEBRUARY 2019 – JANUARY 2022

- Assisted the development team in coding, testing, and debugging web, desktop and mobile applications.

Supported front-end and back-end development tasks using technologies such as HTML, CSS, JavaScript, and PHP.

Participated in daily stand-ups and project planning meetings, learning Agile development practices.

Helped with software documentation, including user manuals and system specifications.

Provided technical support for internal systems, including troubleshooting basic IT issues.

Collaborated with team members on small-scale projects and gained hands-on experience in version control using Git.

Conducted research and provided recommendations on tools, plugins, or frameworks to improve workflow efficiency.

Gained exposure to real-world software development cycles and client communication processes.
